

Continuity across the Curriculum

Strategy	Actions needed	What else, who and when
Common curriculum themes that form a bridge between year 6 and 7		
Making use of Key Stage 2 'curriculum maps' to ensure continuity and avoid duplication in year 7 and beyond		
Teachers from Key Stage 2 are involved in planning the year 7 curriculum		

Strategy	Actions needed	What else, who and when
Designing joint projects, summer schools and cross phase activities including bridging units		
Focusing on the core curriculum especially for gifted and talented and those with particular special needs		
Creating a thematic approach that emphasises skill development both the personal, learning and thinking skills and the Functional skills		
Focusing on achievement and progression
